Recommendations for scheduling appointments:

- Schedule a time to ensure your company has a dedicated one-on-one system review with our support team.
- Consider selecting a time that correlates with when you normally complete your online transactions. For example, when sending your first payroll file.
- Take advantage of the training session for assistance in completion of key functions including:
 - ACH Originator or Wire Originators — Originating first payment in the new system.
 - User Administration — Review/set up your online users.
 - Alerts — Many new alerts are available that can be configured. Our team can assist in helping you take full advantage of this new feature.
